# COM UTILITZAR LOGICO

1

Introdueix una fitxa al suport, de manera que el botons hi quedin a la part inferior.

2

Cada exercici té un color determinat. Busca el botó d'aquest color i desplaça'l fins a la resposta que creguis que és la correcta.

3

Un cop resolt tots els exercicis, gira la fitxa i comprova si hi coincideixen els colors.
